EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

The application has been amended as follows:

IN THE CLAIM

Re. Claim 17: After the phrase "such that" as recited in line 3, changes the phrase "it" to --the resistor--.

Re. Claims 18-25 and 58: Before the phrase "as claimed" as recited in line 1, changes the phrase "A method" to --The method--.

Re. Claim 24: After the phrase "thermally-trimmable" as recited in line 3, changes the phrase "resistors" to --resistor--.

Cancelled the non-elect claims 1-16, 50-53, 56, 57 and 59.

2. The following is an examiner's statement of reasons for allowance: Upon further consideration with applicant's arguments, examiner agrees with the applicant's counsel that the prior art of record of Spraggins et al. fails to disclose the claimed invention such as subjecting the thermally-trimmable resistor to a heat source having a power dissipation geometry adapted to obtain a substantially constant temperature distribution across the thermally-trimmable resistor by dissipating more power at the boundaries of a heat-target region where there is a greater heat loss, when a temperature of the

thermally-trimmable resistor is raised for trimming purposes. It is not obvious taken alone or in combination of other references fairly to suggest the claimed invention.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

3. Claims 17-25 and 58 are allowed.
